

**Marietta  
OB-Gyn  
Affiliates, P.A.**

Thank you for your interest in our practice. In order to be accepted into our practice as a new pregnant patient, we need to review your prenatal records to determine if you will be accepted. We need the following documentation:

1. You must have had routine prenatal care and your last visit must have been within the last month.

2. We need documentation of all your prenatal visits plus the following:

a) Labs

Initial Labs

- Blood Type/Rh Status
- Antibody Screen
- Complete Blood Count (CBC or Hgb/Hct and Plt)
- Syphilis Screen (VDRL/RPR)
- Hepatitis B screen (HBsAg)
- HIV
- Gonorrhea/Chlamydia
- Urine Culture
- Last pap smear
- Genetic Screening (Test results or Documentation that you declined testing)
  - Cystic Fibrosis
  - Down Syndrome Screening
  - Other
